There must be two adults to supervise children in the pool. There must be two adults in the water at all times with children under the age of 8.

They will be undertaken by Crest Swim School Teachers who have been trained to deliver these sessions. A swim test will take part as part of the warm up of the session. It is important to understand that this is a high skilled activity only to be undertaken by competent and confident swimmers. Swimmers must be able to complete the minimum swim requirements to be safe wearing the monofin and tail.

Minimum swim requirements for parties without any additional adult support:

- Be able to swim a minimum of 25 metres confidently and competently on both front and back to a good standard without any aids or floats.
- Be able to tread water for 30 seconds.
- Be able to perform a star float on their front and back.
- To be able to roll in the water from front to back.
- Have experience of swimming with a dolphin kick.

This is usually around Swim England Stage 4/5. This will be checked when the swimmers warm up and any swimmers who are not strong enough to complete this may not be able to wear the tails for safety reasons unless this is previously discussed and additional adult support is agreed. Bring own towels/goggles and locker coin.
